

Please continue to allow K-love radio to be broadcast in my area. My family of six listen daily at home, in the car, and at work. We support K-love monthly. We would be devastated if K-love was replaced by LPFM broadcasting. We have other family and friends that live accross the states, we find comfort with all listening to the same station. K-love is a positive station that uplifts society.

Thank You for keeping K-love playing, Pamela Keeling
